### **NOTICE OF ALLOWABILITY**

1. The applicant's response (filed 28 SEP 06) to the Office Action has now been entered. **Claim(s) 1-11** is/are pending as recited in the paper(s) filed 12 APR 06. The advisory action mailed 31 OCT 06 has been withdrawn as there was an error on the part of the USPTO. The examiner mistakenly interpreted the claims of the priority document filed on 28 SEP 06 as new claims. In fact the pending claims are Claims 1-11 as recited in the paper(s) filed 12 APR 06. The applicant filed a translation of their priority documents 28 SEP 06 in their attempt to overcome a 102(a) rejection of Claims 1-9. The USPTO mistakenly indexed and scanned the various portions of one of the priority documents as amendments to the application. This error was pointed out by the applicant's representative during a telephonic interview held 03 JAN 2007. The examiner apologizes for any inconvenience this may have caused the applicant.

### **REASON FOR ALLOWANCE**

2. **Claims 1-11** are allowable over the prior art of record in view of the filing of the translations of the priority documents. In view of these English language priority documents the examiner believes that the prior art considered does not teach or reasonably suggest either alone or in combination with the other prior art considered, the method for detecting a mutation as recited in Claim 1.

### **CONCLUSION**

3. **Claim(s) 1-11** is/are allowable for the reason(s) of record.
